OUTLINES.

It is sand that the insurrection movement in Cuba is worse than is sent out to the outside world, and that President Palma is virtually a prisoner in his palace; government artillery and troops yesterday recaptured San Juan de Martinez, the insurgent chief, Guerra, retiring with 2,000 followers to join others.——There is more trouble at Brownsville, Texas, nine of the negro troops having been arrested on the charge of riot and murder; the citizens are again under arms.——The splendid courage of the people of Valparaiso is shown in their determination to rebuild their city on more beautiful lines; the society ladies are serving soup to the poor; yesterday a baby which had been without food seven days was rescued alive from the ruins of a house.——During a severe northeast storm at Atlantic City yesterday a launch was caught in a whirlpool at sea and one man was drowned, while seven others made narrow escapes.——President Roosevelt has issued orders to his private secretary and the public printer to hereafter adopt the Carnegie reformed spelling, embracing some 300 words, including "thru" for through and "tho" for though.——Owing to the washing away of a trestle over Mocasin River, in Virginia, yesterday, a train plunged into the river, killing two men and seriously injuring another.——In a mad rush of depositors to get their money, 60 policemen were run over by 5,000 depositors at Chicago's looted bank yesterday; it is said President Stensland is in Europe.——Members of the Commercial Travellers' Anti-Trust League of New York complain that politicians are trying to take charge of the Bryan reception next Thursday night and are threatening to exclude the politicians.——New York Markets: Money on call firm, 4 to 5 per cent., ruling rate 5, closing bid 4½, offered at 4¾; spot cotton quiet, 9.90; flour quiet but steady; wheat steady, No. 2 red, 78 elevator; corn easy, No. 2, 57 elevator; oats easy, mixed 35½; turpentine firm, 63½ to 64; rosin firm, strained, common to good, $4.05 to $4.15.

Many a man has the reputation for being discrete when, as a matter of fact, he is hiding his convictions.

The pert paragrapher of the Washington Post frequently alludes to "Uncle Joe" Cannon; but he has not yet dared suggest that he is "seeking the bubble reputation at the Cannon's mouth."

A Baltimore man boasted to his wife that his dentist had equipped him with a set of false teeth that would enable him to chew as well as he ever could. However, his chin will drop when he finds out that his new teeth will go back on him the minute he tries to chew the rag with his wife.

Republican editors are now grinding out labored editorials to convince working men of what the Republican party does for them. No such editorials are needed to convince the money classes, for they understand what the G. O. P. does for them without any proof or argument.

We have often wondered why the Czar did not resign, abdicate or absquatulate, but within the past few days we have seen the statement that he gets $6,750,000 a year. We now say that we can't blame him for hiding under the bed in order to hold his job as long as possible.

The widow Hamilton-Verrault, the New York woman, has made a good thing getting diamonds and jewelry and money out of men whom she promised to marry, is in distress because her victims have had her hauled up in court. However, she could have had worse luck. Before Johann Hock was hanged she might have got him on the string.

This is taken from the Charleston News and Courier: "'A tall Southerner used the orchestra's back for a stepladder and got there first,' says a New York special, describing what happened in the theatre when Nella Webb sang, 'Won't you kiss me, kiss me, kiss me?' Five others jumped for the stage, but the man from Greenville—or was he from Anderson?—distanced them. By the way, it is added that 'the girl ran to the wings screaming, while the manager rang down the curtain.' Maybe he was a North Carolinian, after all." "Nix! If it had been a North Carolinian he would have caught her before she got to the wings.

THE POLITICAL SIDE

Issues Are Squarely Joined Between Legislative Candidates from New Hanover.

MAY BE JOINT DISCUSSION

Primary Official Call to Be Issued By Chairman Burriss Soon—County Board of Election Organized —Other Campaign Notes.

These be lively days in local politics. Yesterday the curbstone patriots were discussing the relative positions of the candidates for the Legislature on the several subjects of local interest touched upon in their respective published platforms. Of course, both have strong supporters and all the points in their favor were advanced. For the once the race for the other county offices was overshadowed by the pronunciamentos of the two men for the upper house of the General Assembly and when it became known that probably each of the candidates would make a number of speeches before the primaries, there was still greater interest in the contest. It may be possible that a series of joint discussions will be arranged. If so, it will be something new and spectacular in county politics within the party.

The County Board of Elections from New Hanover, composed of Messrs. J. O. Carr, William Gilchrist and William Struthers, Jr., met yesterday and effected an organization by electing Mr. Carr chairman and Mr. Struthers secretary. This Board has nothing to do with the primaries but has all the arrangements in hand for the general election in November. The registrars and judges for the general election will be named in the near future.

Chairman J. H. Burriss, of the County Democratic Executive Committe, announces that he will issue an official call for the primaries on Sept. 19th., in a few days now. The official call will give all necessary information to voters as to registering, polling places and the candidates to be voted for. Thus far Mr. Burriss, to whom the matter was referred, has given no intimation as to whether the call will include a vote on the question of the State Senate or not. The law makes it optional with the Executive Committee and Mr. Burriss may or may not include the State Senate in the list of candidates to be voted for. All the other officers of the county and for the Legislature will be included in the call.

The friends of the various candidates are holding ward meetings almost nightly and the partisans of each are already backing their favorites with the coin of the realm according to all reports. The race for the office of sheriff is bringing out the hardest fight.

BASE BALL GAMES TO-DAY.

Doubleheaders in City League—Team To Lake Waccamaw.

The Monarchs having dropped out of the organization, there will be a doubleheader between the Market Street Giants and the Seventh Street Rattlers in the City Baseball League at Hilton Park this afternoon and upon the result of the games will depend the championship of the League. Strange to say, however, should the team having the opportunity to defeat the leaders win, the championship will go to another—the Y. M. C. A., which is next to the Seventh Street Rattlers in the percentage column and would profit by any reduction of the Rattlers' percentage. The games for this reason will be hotly contested and if the weather is favorable an immense crowd will attend. The games will be called as usual at 3 and 5 o'clock. The first will be the championship game.

As there will be no game for the Y. M. C. A. team this afternoon, leading members of that organization will go over to Lake Waccamaw to engage the strong team from that place. The line-up will be as follows: King, L., catch; Pope, pitch; Parker, first base; Brinkley, second base; Morse third base; Duls short stop; Williams, left field; Sallings, centre field, and Houston, right field.

EXHIBITION SHOOT AT CAROLINA BEACH

Wilmington Gun Club Members and Visitors Here For Inter-State Tournament Enjoyed Fine Day's Sport by the Ocean.

A number of members of the Wilmington Gun Club and visitors here for the Inter-State trap shoot Wednesday and Thursday of this week went to Carolina Beach yesterday, accepting an invitation of Mr. Hans A. Kure to take a turn at the targets from his traps there. The party went down on the morning and afternoon trips of the steamer Wilmington, returning last night at 7:30 o'clock after a delightful day's sport. A few of the visitors have gone to Wrightsville Beach to spend a few days and others will leave for their homes to-day. They were well pleased with the Wilmington tournament and the entertainment afforded them here.

The shooting yesterday at Carolina Beach was led by Mr. E. H. Storr, of Charlotte, representing the Peters' Cartridge Company. Mr. Storr broke 122 out of 125 targets; Mr. Hatchel, of the American Powder Mills, 118 out of 125, and Mr. Taylor, of the Winchester Repeating Arms Co., 115 out of 125. Mr. W. Sims, of Wilson, made the highest amateur average, having had a run of 65 targets without a single miss in the first two and a part of the third event. Mr. Boushee, of the Wilmington Club, was a close second to Mr. Sims, running only two targets behind him. Mr. Oldenbuttel captured the trap medal from Mr. Hergenrother in a straight score of 25. Mr. Hergenrother's recod was 24 out of 25. The shoot proved to be a most enjoyable one and quite as much interest was manifested as was shown in the regular tourney events Wednesday and Thursday. The scores in detail were as follows:

FT. FISHER VETERANS

Call for a Meeting of All Survivors of That Memorable Engagement in Wilmington, September 18th—To Form An Association.

Rev. J. A. Smith and others of this city have plans on foot for the organization of all survivors of the memorable engagement at Fort Fisher, at the mouth of the Cape Fear River, in the great Civil War. The objects of the proposed association will be to cultivate relations of comradeship and to have in charge the annual reunions of the veterans on the scene of the battlefield. The following call has been promulgated, which State papers are requested to publish:

"All the survivors of the famous battles of Fort Fisher are earnestly requested to assemble in the city of Wilmington at 10 o'clock A. M., Tuesday, September 18th, 1906, for the purpose of forming the 'Fort Fisher Survivors' Association,' electing officers for same and forming definite plans for annual reunions and a general reunion of all the forces which participated in said battles. Comrades in distant States, who cannot attend in person this meeting September 18th are requested to be represened by proxy. Comrades will be notified of place of meeting as soon as they arrive in the city. All who expect to attend this meeting will please notify at once, J. A. Smith, 215 Walnut street, or John W. West, 607 North Fifth street, Wilmington, N. C.

"The railroads will furnish the best possible rates for this meeting and publish the same."

HOTEL COMMITTEE NAMED.

Those Named to Promote Attendance on Mass-Meeting.

President J. A. Taylor yesterday named the committee to promote the attendance of those most likely to be interested at the mass-meeting to be held soon in the Court House on the new hotel proposition. The committee is composed of Messrs. William Calder, W. A. Dick, C. N. Evans, William E. Worth and C. L. Dickinson. The committee has been officially notified and in a few days will meet to decide upon a plan of campaign and the date for the meeting, which will be held in the Court House.

Threw Into Seaboard Train.

Just after the Charlotte train for Wilmington passed Lumberton night before last some miscreant threw a missile into the first-class coach, which came very near injuring a lady passenger seriously. She was seated near a window and as the missile flew into the car, it just missed her head, striking a hand upon which she was slightly reclining forward. The train was stopped and the conductor made an investigation, but could learn nothing as to the identity of the miscreant.

FUNERAL YESTERDAY

Remains of Late Mr. Thomas Evans Laid to Rest After Impressive Services From Late Residence. Honored by Marine Interests.

The funeral of the late Mr. Thomas Evans was conducted at 5 o'clock yesterday afternoon from the late residence, No. 115 North Third street, the Rev. James Carmichael, D. D., rector of St. John's parish, officiating, assisted by the Rev. T. P. Nooe, assistant rector of St. James'. There was a large assemblage of friends of Mr. Evans present to pay a last sad mark of respect to him and the floral offerings, of which there were a great many, attested the high esteem in which the venerable man was held in this city. The funeral hymns were by a special choir and were very touching indeed. Among the attendants at the funeral were very many people identified with the marine interests of the port with whom Mr. Evans was closely associated during his life time. As a further mark of respect to the memory of Mr. Evans all the vessels in the harbor were at half mast during the day.

Following the services at the house, the long funeral procession moved to Oakdale cemetery, where the remains were tenderly laid to rest in the family lot. The pall-bearers were: Honorary, Col. Jno. W. Atkinson, Dr. W. D. McMillan, Dr. E. S. Pigford, Messrs. Wm. H. Sprunt and T. O. Bunting; active, Messrs. W. N. Harriss, Matt J. Heyer, C. D. Maffitt, Brooke G. Empie, J. W. Murchison and A. L. DeRosset.

BRUNSWICK COUNTY POPULISTS.

Convention to Be Held at Lockwood's Folly in September

Like "a call of the wild" comes a notice in this week's issue of the Southport Herald that a mass-meeting of the Populists of Brunswick county will be held at Lockwood's Folly on Saturday, September 15th, "to transact such business as may come before it." The call is by order of the executive committee and is signed Isaac Jenrette and W. W. Drew, secretary and chairman, respectively. The presumption is that the Populists of the county will put out a county and legislative ticket, either independently or in conjunction with the Republicans. The call of a Populist convention in North Carolina during the past decade has been rather rare. It brings back memories of the "iniative, referendum," etc., of which one heard so much with other Populistic doctrines not so many years ago.

—J. M. Solky & Co., the clothiers, have an interesting change of advertisement in to-day's paper in which further cut prices are announced on their stock to make way for Fall and Winter goods.

EXCURSIONS TO-DAY

Four Big Ones Are Due from Raleigh, Stedman, Latta and Rockingham.

BOOKINGS FOR THE SEASON

Fifteen Yet Due Before September 15th, When the Period Will Expire—Suburban Line Will Be Taxed to Capacity To-day.

The town will be filled with strangers to-day. It promises to be the banner excursion day of the year. No less than four are due here this morning and early afternoon, and if the weather is favorable in the up-country when the trains depart, each of them will bring an immense crowd. The most notable of the excursions to arrive to-day will be a Sunday-School party from Raleigh, coming over the new Raleigh and Southport Railroad to Fayetteville and from there over the Coast Line to Wilmington. Another will be from Stedman, also on the A. & Y. division of the Coast Line, a third is from Latta, S. C., over the Coast Line, and the fourth is a big one from Rockingham and intermediate points over the Seaboard Air Line. All of them return to-night. With the naturally very heavy travel over the Consolidated suburban line on Saturday's on account of the half holidays, it is expected that the line will be put to the test to-day to demonstrate its capability of meeting any emergency.

From now until the 15th of September the excursion business to Wilmington promises to be exceedingly good. The following are among the number of which the Consolidated Company is advised:

August 27.—Society Hill, S. C., colored.
August 28.—Fremont, N. C., and Jr. O. U. A. M., from Goldsboro.
August 30.—Meares Bluff, S. C., colored; Wilson, N. C., white.
August 31.—Sanford, N. C., mixed.
September 1.—Clio, S. C., and Godwin, N. C.
September 5.—Elrod, N. C., mixed.
September 7.—Fremont, N. C., and Clinton, N. C.
September 11.—Darlington, S. C., and Fayetteville, N. C.
September 15.—Tarboro and Cerro Gordo, N. C.

A SOUTHPORT COMPANY.

Brunswick County Will Have Her Own Seamer Line.

The following from the Southport Herald of this week will be read with interest here:

"Brunswick county will own her steamboat line between Southport and Wilmington. At a most enthusiastic meeting last night of many most prominent business men and citizens of the city this was definitely decided.

"It was determined to capitalize the company at $20,000, business to commence when $15,000 shall have been paid in. A large amount of the stock has already been subscribed and it has been so clearly demonstrated that the investment will be a paying one from the very beginning that there is certain to be no trouble in getting all or more money than is necessary. Last night a committee, composed of Dr. D. I. Watson, Capt. M. T. Craig and E. H. Cranmer, Esq., was appointed to solicit and receive subscriptions and any one throughout the county may advise them as to the amount of stock wanted. Shares are $25 each.

"Let us make this a Brunswick county enterprise and a success which we can do.

"It is proposed to buy a boat to cost about $18,000 and the line will be in operation by October 1st."

Before Justice Bornemann.

In Justice Bornemann's court yesterday, Arthur Waugh, the negro captured in Fayetteville and returned here to answer to the charge of the larceny of a bicycle, was given preliminary trial and bound to Superior Court under $300 justified bond. Mr. G. D. Rackley, of Currie, who bought the wheel from the negro, not knowing that it had been stolen, was the chief witness against Waugh, who confessed the theft. George Mosong, the hotel waiter from the beach charged with the larceny of clothing and a medal from a fellow waiter at the Tarrymoore, was also bound over to the higher court yesterday by Justice Bornemann.

Mrs. Calvin Barnes Dead.

Southport Herald: "The sad news reached the city yesterday evening by telegram to Miss Kate Stuart, advising her of the death of her sister, Mrs. Calvin Barnes, at 3:30 o'clock at her home in Wilson, N. C. Miss Stuart left yesterday for Wilson upon learning of her sister's serious illness, but could not reach the bedside before death came. The interment will be in Wilson."

They will be accompanied by Louis Goodman, Esq., of this city, who will make an extensive trip, including the large cities and pleasure resorts of the North, returning about September 20th.

Caught in the Hen House.

Thos. H. Williams, a colored lad who bears the alias "Billy Kersands," after the name of the well known colored minstrel, was jailed by Justice Bornemann yesterday on a charge of larceny The complainant, a negro man, said that he caught Billy in his hen house in broad open day time trying to steal a rooster. The fowl was caught by the tail and escaped. Billy, failing in his attempt to get the chicken, compromised on the next thing to it, four eggs, and it was these he was charged with stealing. He will be given preliminary trial before the "judge" to-day.

PRESIDENT OF THE REPUBLICAN PARTY.

The other morning when people picked up their daily papers and read President Roosevelt's letter to oCngressman Watson, of Indiana, the first thought they had was that the President was firing a document to be used in the campaign. As President of all the country he might have "laid low,' but as President of the Republican party as a matter of fact, he couldn't keep from rushing into the campaign before it hardly opens. The Baltimore Sun correctly sizes up the incident, and no doubt Congressman Watson will enjoy what our esteemed Baltimore contemporary says. This is part of what the Sun said:

"President Roosevelt's address to the voters of the United States, which has been artfully put in the form of a letter to an Indiana Congressman, furnishes proof that our impetuous Chief Magistrate has no idea of keeping out of the political fray this year. Recently, when it was suggested that he might make campaign speeches in Pennsylvania, there came from Oyster Bay an indignant denial that Mr. Roosevelt would figure as a partisan in the Congressional fight. He would, of course, keep his eye on the details of the campaign; party managers would report to him from time to time he would scrutinize the platforms and give advice. But he would make no political harangues from the rostrum. Thus he would maintain the dignity of his office and demonstrate that he is the President of the whole people, not of a party.

"But President Roosevelt is not the kind of a statesman who can be kept out of a political contest. He must jump into the combat and lay about him with all his might and main. His latter to Representative Watson is a stump speech poorly disguised as a letter from a statesman of high degree to one who is anxious to know what are his party's claims to public support. But the chief surprise in President Roosevelt's address to the voters is that he should rush to the front at this time when there are no evidences that a compaign is in progress, when, with the exception of Speaker Cannon, Representative Littlefield and a few other Republican Congressmen whose seats in the House seem to be in danger, there are no outward signs of political activity. If the President's fulmination had been kept in storage until the middle of October and then sprung upon the voters, the general verdict would have been that he was playing politics along normal lines. When even the sultriness of the dog days and the lassitude of the politicians cannot keep him quiet—when he "butts into" the campaign before it is really open and occupies the center of the stage—the conclusion is unavoidable that the President and his party are not satisfied with the situation—that there is a certain fearful looking forward, on their part to Republican losses next November.

"It may be assumed that Representative Watson, of Indiana, did not need the President's counsel as conveyed in the letter which the statesman of Oyster Bay was so considerate as to send him. Mr. Watson is recognized in the House as a highly intelligent, well informed man, thoroughly posted on Republican policies and claims. He has demonstrated that he can make an effective tariff speech, elucidating all the points at issue between protectionists and tariff reformers. If the necessity should arise, he could probably give the President practical information on the workings of the tariff. So there was really no reason why Mr. Roosevelt should have addressed to the Indiana Congressman trite and commonplace remarks on tariff revision. Such wisdom must make Mr. Watson smile. Everything the President says about the maintenance of the Monroe doctrine, the strength and efficiency of the navy, the organization of labor and capital, the "phenomenal industrial prosperity" and trusts and monopolies is an oft-told tale. We have heard it in Presidential speeches and read it in Presidential messages. Why, oh, why, should it again be unloaded upon the American people before there is any necessity or excuse for the affliction?"

It may be a sign of Roosevelt's anxiety that he wrote his campaign document. He may be seeing things like "the handwriting on the wall."

—With District Attorney Jerome in the race for Governor the other candidates will know that they have been running.—New York Herald.

—When a man makes ten millins on his own deal, does he stack the cards or does the deuce take the knave? We pass.—New York Commercial.

—Secretary Taft will decline a Supreme Court appointment. Not that he likes the bench less but that he hates the shelf more.—New York World.

—From present indications Mr. Bryan, when he lands in this city, will find the New York Democracy anything but a happy family.—New York Tribune.

—It is to be hoped that his widow will not think it necesasry to formally deny all of the good jokes attributed to Senator Zeb Vance.—Chattanooga Times.

—That noise like a man hurrying into the cellar comes from the tariff revisionists who have been predicting that President Roosevelt would be with them.—Washington Post.

—A man who sells his vote makes merchandise of his manhood, and he who buys it makes himself a dealer in "liberty." Neither one will do to trust.—Pender (N. C.) Chronicle.

—Massachusetts is about to be treated to some frenzied politics. Tom Lawson is going to take the stump for one of the candidates for Governor.—Philadelphia North American.

—Birmingham, Ala, will banish bucket shops by city ordinance after October 1. In Texas they still thrive, and catch a new crop of suckers with every new crop of cotton.—Houston Chronicle.

—Now that Emperor William and King Edward have kissed and made up; now that Senator Platt and Chairman Odell have fallen into each other's arms; now that Leader Murphy and Editor Hearst speak as they pass by; now all would be sweetness and light if President Roosevelt and Senator Tillman only would drop the big stick and the pitchfork and rub noses.—Washington Post.

—Says the Washington Post: "The South Carolina man who was shot in his doorway may still be thankful that his bay window escaped." We do not recall any recent case of a South Carolinian's being "shot in his doorway," but we do remember, however, the experience of another South Carolinian who, according to a press dispatch written at that time, was "shot while eating his supper through a hole in the door."—Columbia State.

—We have often been asked what the politics of the Times would be when the Fall campaign opened. We do not hesitate to say that we are for the man that has the money, as that is what it takes to get this paper to boost any political organization. We have seen too many editors work and lie and help get some stiff cat elected to good office. When the editor would hold up his plate for a little political plum, hoping to get a small recompense for his previous labor, he would get the horse laugh instead. It takes the cash for us. It must be in advance, too. We are not asking for any political favors; we want the cash.—Skedee, Okla., Times.

—"Do you believe that Samson lost his strength by having his hair cut?" asked the non-believer. "I have no reason to doubt it," replied the practical man. "A talkative barber always makes me tired."—Chicago Daily News.

—"Why don't you buy a cottage out in the suburbs?" asked the commuter with the rake and bag of flour under his arm. "Takes too much push," replied the wise city friend. "Push? What kind of push?" "Why, behind the lawn mower."—Chicago Daily News.

—"I've been figuring up the garden account, Agnes. I find that it has cost for seeds $6.50; for fertilizer $9.50; labor $12; implements $8; garden hat $28. So far, we've had only a mess of string beans!" "Oh—but, Rutherford, you forget that cunning little cucumber we had earlier in the season!"—New York Press.

HELPED MORALLY AND MENTALLY

Greensboro Man Who Was Slave to Whiskey Tried Keeley Cure With Happy Results—Made Him New Man.

The Keeley Institute, Greensboro, N. C.:

It is with pleasure that I give my testimony in behalf of the Keeley Treatment, and especially the Greensboro Institute. For five years or more, previous to June, 1901, I drank whiskey to excess, and finally the disease became so fastened upon me that I could not control myself. Realizing that I would be ruined if something was not done to relieve me of the terrible curse I decided, as a final resort, to take the Keeley Treatment. I entered the Greensboro Institute on June the 3d, 1901, and graduated four weeks later, a new man, physically, mentally and morally. Since taking the treatment my health has been good, and never for one moment have I had any desire for, or inclination to take a drink of anything containing alcohol. My sojourn at the Institute was pleasant, as everything was done by physician, manager, and attendants to add to my comfort and pleasure. I thank God for the Keeley Treatment, and to all who may be so unfortunate as to be under the control of King Alcohol, I would say, "Go to Keeley and be cured." I say cured, because I know that I was diseased and am now fully restored to my normal condition. What the Keeley did for me it can do for others.

Hoping that my testimony may be the means of inducing some victim of strong drink to avail himself of the Keeley Cure I am, W. M. ROACH.

Greensboro, N. C., Dec. 8, 1904.

Send names and addresses of those who may be benefitted to the Keeley Institute, Greensboro, N. C.

SPIRITS TURPENTINE

—The latest curiosity at Pittsboro is a chicken with a cross beak. It uses both ends of its beak for taking up its food.

—Claude Hill, who is charged with killing Ralph Clyde, has been brought to Waynesville from Birmingham, Ala., where he was arrested. Hill is now in jail.

—At Wilson Wednesday night at 11 o'clock fire in the second story of the Wells Grocery Company's store, on Goldsboro street, damaged the stock about $9,000 before it was extinguished. The fire started in some matches stored up stairs.

—Among the expanding business enterprises of Wilson is the fertilizer factory of Hadley, Harris & Co. This factory although only three years old has built up a large business.

—The investigation of peonage practice on the South & Western will be investigated at Marion to-day by District Attorney Holton. It is said that there is considerable evidence against certain bosses of construction gangs and that much interesting testimony will be brought out at the hearing.

—The Clay Foreman, a tug belonging to the Foreman-Blades Lumber Company, of Elizabeth City, was partly destroyed by fire Thursday night. About 7:5 she was discovered to be on fire and the alarm was given. No one was aboard but the engineer. The entire top and forward parts were destroyed.

—The Wells-Whitehead Tobacco Co. of Wilson, manufacturers of Carolina Brights and Wilson Straight Cut cigarettes report that they are two million cigarettes behind in shipments. The business of this company is constantly on the increase, their sales this year, greatly exceeding all former records.

—At Pittsboro on Wednesday James Thompson, five-years-old, got lost in the postoffice waste-basket. He went to sleep in the basket about 4 o'clock P. M. At 7 o'clock the clerk closed the office, not knowing the boy was in it. In a short while the little fellow awoke and went to the 'phone and called his mother, who was on the search for him.

—Raleigh News and Observer: Aug. 24: The members of the Corporation Commisison returned to Raleigh yesterday morning after completing an inspection of the Central Carolina division of the Seaboard Air Line Railway, operating between Hamlet and Wilmington. Complaints of the bad condition of both the road bed and rolling stock of that division of the road have been filed with the Commission.

—Raleigh ews and Observer, Aug. 24: It was stated on the streets yesterday, but the rumor could not be confirmed, that the American Tobacco Company had purchased eleven acres of land just west of the A. & M. College grounds and would erect large storage warehouses thereon. No deed has been filed in the office of the Register of Deeds showing that the property has been transferred, but it was said that the property was for sale a few weeks ago.

—Wendon special, August 23: A negro railroad hand, who was cook for the squad employed in putting down new rails on the Atlantic Coast Line railroad, was drowned in Quankey Creek, at Halifax, Saturday evening. The water was fifteen feet deep, where it had backed in from Roanoke river, and the negro, who had been in the habit of going in at low water, could not swim. Mr. George L. Stephenson fished the body from the stream and turned it over to his friends.

—Raleigh News and Observer: The number of deaths this year in the small towns and country caused by typhoid fever has been alarming and to prevent the spread of the disease better sanitary conditions must be provided in the country and village homes. In an interview yesterday Mr. Gerald McCarthy, State Biologist, who is one of the best informed experts on the typhoid germ in this State, said that typhoid fever is essentially a country and village disease. It is due to a germ which belongs to a particular group known as faecal or intestinal bacteria.

—The Fayetteville Street Railway and Power Company, of Fayetteville, with $100,000 total authorized and $50,000 subscribed capital stock, was chartered by the Secretary of State at Raleigh on Thursday. The objects of the concern are to operate a street railway system in Fayetteville and between towns within a radius of fifty miles of Fayetteville and to generate electricity for light and power. The incorporators are: W. D. McNeill, J. F. Harrison, D. E. Kindley, John H Anderson, and S H. McRae, all of Fayetteville

—Salisbury special, Aug. 23: George Irvin, Della Dillingham and Henry Gillespie, colored, charged with the murder of the Lyerly family at Barber's on July 13th, will be arraigned in Rowan Superior court here next Monday, and will be tried for their lives. At a recent special term of court here the grand jury returned a true bill for murder in the first degree against all of the prisoners. The trio has been in jail in Charlotte since the lynching of three of their colleagues in the crime which occurred on the 6th inst., and at which time they themselves were rescued from the mob before being strung up.

—Durham Special, Aug. 23: Mayor Graham has opened warfare on the immoral and indecent advertising signs that have been posted about the city. To-day he caused Chief Woodall to issue an order that a certain advertisinug sign, in which the picture of a woman is shown partially nude, or rather with a thin gauze thrown over her person, removed from the public thoroughfare of the city. The bill posting business here is owned by a Richmond concern with a local manager. Notice was served on the manager and he said that the order would be complied with but communicated with his firm.

—Pender Chronicle, Aug. 23: On last Saturday morning Commissioner George J. Moore, accompanied by his son, Master Murphy Moore, who came to assist him, reached Burgaw with Pender county's blood hounds. After five test races, and being fully satisfied with the dogs, Mr. Moore made the purchase, and brought them to the temporary kennel at the jail, where they are now kept in close confinement. They are fine looking animals. It is now up to the county to give them the right care, and keep them in training. Mr. Moore says, "this dog business" has kept him from canvassing, but it is not to be supposed that it will hurt him in the least. He has been attending to county business, and has thus shown his faithfulness.

—Charlotte Special, Aug. 23: The ninth annual convention of the North Carolina Underwriters Asociation was held here to-day beginning at 11:30 this morning and closing to-night with a spread in honor of the delegates at the Colonial club. The address of welcome delivered by Hon. T. C. Guthrie, of the Charlotte bar, was announced first by the president. Mr. James Southgate, of Durham, responded in a well chosen speech in which he referred in excellent worded language to the historical side of Charlotte and to the greatness of the city. The annual address of President Womac was read before the meeting and was pronounced one of the best things of the kind ever presented for the consideration of the Asociation.

—Asheville Special, Aug. 23: The miserable telephone service that the Asheville Telephone and Telegraph Company, commonly known as the Merger or Bell Company, has furnished to subscribers here during the past six months has resulted in members of the Asheville etail Merchants' Association making a demand upon the company for a rebate of 50 per cent of telephone charges from May 10 to August 1, this year, and a reduction of 50 per cent in rates until the service is improved. The demands were made by 80 merchants last evening. It is probable that other subscribers will make similar demands. The company's manager here says that the matter of rebates will be satisfactorily adjusted. The merchants have decided to stick to their demands and help to bring the telephone company to terms.

—Newbern Special, Aug. 23: The contract for the construction of the Elks Temple has been awarded to the King Lumber Company, of Charlottesville, Va. Their bid in the aggregate was $58,500. The building will be five stories and the material red and white pressed brick with terra cotta trimmings. It will be the finest lodge building in the State. Aside from the lodge and club rooms of the order there will be sixty office apartments and the lower floor will be used as stores. The building will have elevator, heated by steam and lighted by electricity from its own generating plant. The furnishings will be in keeping with the other features of the structure and the office fices will be finished in the most approved fashion. Architect Pope, of Raleigh, made the plans for the temple and will have charge of the construction. Work will commence about September 1 and is expected to be completed by January 1, 1908.

—As a result of alleged cruelties practied upon Madison and Buncombe citizens employed on the construction of the South and Western between Marion and Spruce Pine, papers in four civil actions for damages have been issued in Asheville against the South and Western railway. Heavy damages will be demanded. Tucker and Murphy, of Asheville, are among counsel for the plaintiffs. Sensational charges of rbutal treatment toward employees of the South and Western have been made here this week. When the cases are brought to trial it is said that there will be no end of startling evidence produced and that the trials will be the most interesting that have been had in this section of the State for years. The four plaintiffs in the actions against the South and Western are Woodfin Wheeler, Charles Buckner, Chapel Wyatt and Charles McLaughlin. The plaintiffs will allege that they were mistreated and severely and permanently injured while at work on the construction of the South and Western road and that their injuries are due to the acts of the servants of the road.

—There is a big contest for the location of the handsome new postoffice building to be erected in seven North Carolina cities, which was evi—denced on Thursday at Washington, when the bids were opened in the office of the Supervising Architect of the Treasury for sites. The towns in which the contests rage at Salisbury, Fayetteville, Kinston, Henderson, High Point, Washington, Concord. There was a variety of bidders. They included a church, bank, city and county governments. Next week a special agent will be directed to come to North Carolina, investigate the various bids and report to the Supervising Architect the most favored and desirable location. It is possible that the citizens of the interested towns will be called together in order that their wishes may be ascertained. This course was followed at Durham and the result was highly satisfactory to the officials here. The bids for building lots in Fayetteville were as follows: E. H. Jennings, lot corner Russell and Gillespie streets, 180x120, $10,000; C. J. Cooper, lot Gillispie street, near Person, 120x130, $10,000; Bevill and Vanstory, lot west side Gillespie street, 120ff130, $10,000; J. C. Vann, lot corner Hay and Maxwell streets, 120ff130 $10,000; same bidder, lot on same location, same size, $10,000; Bank of Fayetteville, lot corner Person and Dick streets, 120x130, $10,000; McMillan Bros., same size, $10,000; Herbert Lutterloh lot corner Donaldson and Franklin streets, same size, $10.000.

THE BELLIGERENT STRANGER.

Man Who Fired Recklessly in Street Before Court Yesterday.

A. A. McManus, the stranger from South Carolina who ran amuck with a pistol in the neighborhood of Sixth and Nunn streets late Friday night and was subsequently captured by a posse of citizens who turned out with the mounted police, was the star actor in the police court yesterday. He was originally charged with reckless and wholesale shooting in the street, but Fireman Mike Bryan, one of the posse of citizens, said that McManus had snapped his pistol at him several times when the posse closed in on him and the warrant was amended to charge assault with a deadly weapon. The stranger was bound to Superior Court under bond of $50, which amount he deposited in cash and took his departure. It is not expected that he will turn up when the higher court meets. He was thoroughly ashamed of his conduct and could excuse himself only on the ground that he had been drinking. McManus said that he was from Jefferson, S. C.

The other cases yesterday were not important. Thomas Branch made his appearance for the first time in a month or two. He was arrested by Officer J. H. Ottoway and got 30 days straight. Ed. Patrick, driver of a furniture van for Parker & Sneed, was charged with exceeding the speed limit around Front and Princess. He pleaded ignorance of the law, but it was no go and his employers paid the cost for him. The arrest was by Officer M. P. Newton.

An Interesting Defendant.

Justice Furlong had an interesting character in his court yesterday in the person of Bettie Nixon, alias "Big Six," a giant colored woman employed in some capacity on the beach. It appears that a negro man named Corbett, also employed on the beach, by some act, engendered the anger of the woman, who went for him fore and aft. At any rate the conduct of "Big Six" was such toward Corbett that two cases of disorderly conduct and fighting were made out against her before the magistrate yesterday. She was taxed with the cost in each case, amounting to considerable in the aggregate. Corbett proved conclusively that he stald out of the way of the angered giantess as far as possible and he was discharged.

Novel Advertising Device.

A broken show window at the shoe store of the Mercer & Evans Company, on Princess street, has been turned to good account in an advertising way. The glass was not shattered or broken, but was cracked from a central point as if some missile had been thrown through it. The show window artist on the inside instantly conceived the idea that a man standing in the inside of the window could have kicked through the glass with his feet. And no sooner was the idea conceived than it was put into execution. Pedestrians along that way and glancing hurriedly up at the window on the impulse of the moment, jumps back, for there is the leg of the man shooting straight out to the glass while the body is supposed to be hidden behind the drapery in the window. It is a very catchy little novelty, indeed.

—Raleigh News and Observer: "Penitentiary guards will go to Wilmington to-day to guard convicts who will work on the new freight yard of the Atlantic Coast Line there."

—The Reverend J. M. Rose, D. D., will conduct the services at St. Andrews' Presbyterian church Sunday night at 8 o'clock. There will be no morning service in this church.

—Observers of he local political horizon will read with interest a card from Mr. Isaiah West, of the First ward, published in another column of to-day's paper.

—The tug Fawn, owned by Capt. Will L. Miller and Capt. Jesse Price, has been inspected by the government officials and given license to handle a limited number of passengers. She has had only freight license heretofore.

—The funeral of William Eugene, the little son of Mr. and Mrs. S. E. Sellers, who passed away Thursday, was conducted at the residence on North Fourth street yesterday by Rev. J. S. Crowley, of Immanuel Presbyterian church, and the remains were laid to rest in Oakdale cemetery.

—Capt. Wm. F. Robertson, the contractor, has completed the work of laying the water mains to and in Carolina Place and the water has been turned on. The residence of Mr. Richardson has about been completed in the popular suburb and he will be the first applicant for the water service.

—Southport Herald: "Four boats, the Atlantic, Montauk, Jno. L. Lawrence and Jos. Wharton, belonging to the Cape Fear Fisheries, arrived last week and started fishing at once. If the present fishing prospect holds good there is probability of a successful season. The fish are large and producing a fair quantity of oil per barrel."

—Elsewhere in to-day's paper Mr. J. T. Kerr, of Cape Fear township, announces that he will be a candidate for County Commissioner, subject to the will of the people in the forthcoming Democratic primary. Mr. Kerr is one of the county's most prominent truckers and several years ago represented New Hanover in the Legislature.

—The Clarendon Water Works Company will turn on its new filter plant Monday and water will be put into the mains as soon after that date as all the tests are made. Mr. George C. Whipple, an eminent engineer of New York, will be here to represent the Water Works Company and see that the contract for pure water is fully complied with by the contractors for putting in the filter plant.

—Wilmington division, Naval Reserves, will hold a meeting Monday night to consider a renewal of its lease on the present armory quarters in the old Court House building, which was recently purchased from the county by Mr. James F. Woolvin. A large amount of money was lately expended in fitting up the armory by the Reserves, and it is probable that the Division will accept the offer of Mr. Woolvin to lease the property.

SEABOARD INSPECTION.

Heavier Rail Promised By Officials By the New Year.

Referring to the recent inspection of the Wilmington-Hamlet division of the Seaboard Air Line by the Corporation Commission, members of which had just returned to Raleigh, the News and Observer of yesterday says:

"The members of the Commission have little to say in regard to the condition of the road, but stated that it was very rough. They mentioned that Mr. Seddan, the Seaboard's chief engineer, had informed them that the road between Wilmington and Hamlet would be laid with 70-pound rails during next Spring.

"From what was said it is not believed that any orders will be issued by the Commission or recommendations be made, as the laying of new rails cannot be done in a few weeks, and the Commission appears to have the assurance that this will be done Mr. Seddan says that the rails cannot be secured before the Spring.

"The complaints are chiefly in regard to the track, and are made by persons living in Wilmington and along the road to Hamlet. They state that the track is in a bad condition, and that there is considerable danger, although the trains are operated very slowly.

"This inspection of the Carolina Central division was the first made by the Corporation Commission in several years."

VETERANS AT MOREHEAD.

Mosquitoes in Camp Drove them to The Hotels.

Raleigh, August 24.—The two hundred Confederate veterans attending the reunion at Morehead City did not occupy National Guard camps last night as land breezes brought in great armies of mosquitoes and sand flies. Speeches were made during the day by ex-Governor Jarvis, Julian S. Carr and Henry A. London, and Major Theodore S. Garnett, of New York.

PARDONS BY GOVERNOR.

Refuses in Case of T. F. Bell, From New Hanover—Others.

(Special Star Telegram.)

Raleigh, N. C., August 24.—Two pardons were granted and nine refused by Governor Glenn to-day. A pardon is granted Thos. L. Davis, of Moore county, serving ten years for burglary and five years for larceny; Ed. Jones, of Vance county, serving five ears for criminal assault. Among the pardons refused is one for Thos. F. Bell, of New Hanover county, convicted at the July term, 1905, of manslaughter, to two years on the county roads. In this case the Governor says neither the Judge nor the Solicitor recommends the pardon. "Two years for taking human life does not appear to me excessive, and with the evidence before me, I cannot grant the pardon."

Among the pardons refused, the most notable is a white girl, Sudie Hannon, twelve years old, recently committed to the penitentiary from Cabarrus county and serving five years for manslaughter. Governor Glenn says the pardon would mean to send her back to a life of shame and sin, so he has directed the prison authorities to give her light work to try to reform her. Later, if she improves he will try to find a good home for her and grant a conditional pardon.

Dr. Christopher Tompkins, Prof. Practice of Medicine and Dean of the Medical College of Virginia, says:

Richmond, Va., Dec. 22, 194.

Mr. W. T. Hughes.

Dear Mr Hughes.—Your very kind letter of the 14th instant found me out of the city, hence the delay in reply. I was away attending one of our medical associations in the South. I regret that my engagements are such as to forbid my leaving the city for a long time to come When Mr. Jeffreys had charge of the springs he sent me some of the water, and I drank it myself with much benefit and pleasure. I constantly prescribe it in practice and have a very high opinion of its value. The Chloride Calcium water was my favorite and is still.

Wishing all that could be desired of success and assuring you of my high appreciation of your letter, I remain,

Yours sincerely and truly,

Still Ahead in Low Prices
Our regular prices are much cheaper than any special prices yet advertised. Our goods are NEW. The following shows how and why we do and can undersell.

Discount on account of large purchases, average,	10 pr. ct
Discount for cash (we pay cash), average	10 pr. ct
Savings of freight on car shipment, average	5 pr. ct
Total,	25 pr. ct

As you see, we can sell goods at a profit of 25 per cent. and at the same time sell them for just what they would cost us if we bought in small quantities, paid local freight and bought on time. We do not try to make 25 per cent.
Our claim is corroborated by the number of prudent purchasers we send. For June the 1st to the present, we have sold $4,540.21 worth of goods, received more than $3,300.00 in cash. Our books are open for inspection of any doubters. When in need of furniture come to headquarters.

ADVERTISE IN THE MORNING STAR

LAUNCH CAUGHT IN WHIRLPOOL

One Life Lost and Seven Narrowly Escape Drowning at Atlantic City.

SEVERE NORTHEAST STORM

Thrilling Rescue of Yachting Party by Sweedish Fishermen — Congressman Butler's Two Sons Rescued By Life-Saving Crew.

(By Wire to The Morning Star.)

Atlantic City, N. J., August 24.—During a severe northeast storm which prevailed today along the coast, one person was drowned and seven others had narrow escapes from death in the waves. The drowned man was Louis Simpkins, formerly of Philadelphia. He and two companions were on a fishing trip in a launch. Off Brigantine City they were caught in a whirl pool caused by cross-currents and the storm. In trying to avoid a big wave Simpkins lost his balance and fell into the sea. Despite their danger Simpkins' companions made a brave effort to pick him up but before they were able to do this he sank and was drowned. As the men were about to leave the scene his body came to the surface and they managed to drag it into the launch.

Shortly after this accident, five young men who came here in the sloop yacht Virginia from Island Heights, left the inlet for the return trip up the coast. Professional yachtsmen tried to pursuade them not to attempt to go to sea but they did not heed the warning, and sailed away. In making a long tack toward Brigantine Beach the yacht was carried on the dangerous bar outside the inlet. The captain of a large yacht saw the accident but having on board a number of passengers he did not care to endanger their lives by going too near the bar. While the five men were clinging to their craft, momentarily expecting to be washed to their death, a hero in the person of John Johnson, a Swedish fisherman, went to the rescue in a frail gasolene launch. He did not falter in the face of the storm and after a hard struggle in which his little boat was tossed about by the waves he managed to get alongside the Virginia and took the five men off. The rescued men rewarded Johnson handsomely.

Later in the afternoon Thomas and Howard Butler, sons of Congressman Butler, of Pennsylvania, were rescued from drowning by the government life saving crew after their little boat had been overturned in a heavy sea off Long Port. They swam to the capsized craft but were being carried out to sea in the strong current when their calls for help were heard by the life savers. They were much exhausted when rescued.

Two Fishermen Lost.

Wildwood, N. J., August 24.—Two Norwegian fishermen are believed to have lost their lives today off this place during the northeast gale. Karl Karlson, accompanied by a helper whose name is unknown, left here this morning for the fishing banks. Later in the day their dory was washed ashore and nothing has been heard of the men.

Died After Rescue.

Cape May, N. J., August 24.—Saved from drowning, Joseph F. Clark of 24 North Ann street, Baltimore, died of heart trouble today under a shower sprinkler at the bath house here. Clark while bathing in the surf became exhausted and was rescued with difficulty because of the high waves. He recovered sufficiently to walk to the bath house, but dropped dead immediately after turning on the shower. Two days ago Clark rescued two women from drowning. He was an employe of the Chesapeake Steamship Company.

SEC. SHAW DENIES RUMOR.

Proposed Purchase of Bonds Effort to Deceive.

(By Wire to The Morning Star.)

Washington, August 24.—When asked about the rumor that he was about to purchase government bonds, the 4s of 1907, Secretary Shaw today said: "Evidently somebody is trying to deceive the thoughtless. Every man with a lick of financial sense recognizes that occasion for relief does not exist. It seems strange that rumors should be so persistent that I am going to do a thing the doing of which at this time would be universally recognized as uncalled for. If subsequent conditions demand action, I will act in such a way as I deem best at the time, but all rumors will be baseless. There will be no tips and no advance information."

TO PROTECT POLICY HOLDERS.

Minnesota Wants All States to Join in Legislation.

(By Wire to The Morning Star.)

St. Paul, August 24.—Millions of dollars will be held in reserve for the policy-holders of life insurance companies and the cost of insurance will be materially lowered if a bill approved by the State Insurance Commissioners at their session to-day meets with the approval of the various State Legislatures next winter.

The bill, which requires an annual apportionment and accounting of surplus of life insurance companies as adopted to-day, it is maintained by many of the commissioners, strikes at the root of all the evil of life insurance by holding officers of such companies accountable for the enormous surplus funds accumulated under the deferred dividend contracts.

It is thought that if the bill requiring an accounting and distribution of surplus is passed by all of the States it will do more toward securing the economical management of insurance companies than anything else. The commissioners believe that the competition which exists between the companies will make them eager to show a larger credit of dividends to the policy-holders than their competitor. This will result, it is declared, in a substantial decrease in the expense of management and will also prevent the management from using the accumulated surplus for speculation or for private emolument.

The report of the committee on misrepresentations, including the draft of a bill was approved. The draft as presented to-day included the following important section:

"No life insurance corporation, officer, director or agent, shall issue or circulate any estimate, illustration, circular or statement in any part misrepresenting the terms of any policy issued by it, or the benefits or advantages promised or the dividends or shares of surplus to be received thereon; nor shall any company use any title or policy or class of policies misrepresenting the true nature thereof."

WARM WIRELETS.

Dr. H. P. Cooper, a noted physician and surgeon known throughout the South, died in Atlanta yesterday, after a short illness. Dr. Cooper leaves besides his widow, a son and daughter. He was 46 years old.

At La Fayette, La., yesterday Dave Howard, alias Emsley, a negro was hanged for the murder of Joseph Breaux, a Syrian peddler on May 28 last. Howard made a full confession before his execution. He had to be supported to the scaffold and was pronounced dead in twenty minutes.

Hong Kong cablegram last night says: The American consul general has sent a dispatch to the Viceroy of Canton requesting him to suppress the boycott association for the hindrance of American commerce. The association recently held several monster meetings.

Representative James S. Sherman of New York, chairman of the eRpublican Congressional Committee, was in Washington yesterday on personal business. He left for New York last night. Mr. Sherman says that contributions to the Republican campaign fund are improving, although the receipts are not as great as he had hoped for.

Henry Greggs, a white man, is held in jail at canton, Ga., awaiting the arrival of the sheriff of Louisiana. Greggs is said to be wanted in that State for the murder of four men in New Orleans. The Governor of Louisiana has offered a reward of $1,700 for the capture of the man who committed these murders.

Alleviating Circumstance.

It distressed Miss Willing to find how much the little girls in her Sunday school class thought about dress and outward adorning. She never lost an opportunity to tell them how slight was the importance of such things.

"The reason I didn't come last Sunday was because my coat wasn't finished," said small Mary Potter one day when questioned as to her nonappearance the week before. "My old one had spots on it that wouldn't come off and a place where the buttons had torn through."

"But, Mary, dear," said the teacher gently, "you know it's not the outside that really matters."

"Yes'm, I know," said little Mary, "but, Miss Willing, mother had ripped the lining out, so there wasn't any inside to look at!"—Youth's Companion.

The Strenuous Life of Old.

This is said to be a "strenuous" age. Doctors or people who dabble in the doctor's art talk about the "pace" we all live now, the stress and storm of life in England in the twentieth century, and so forth. But are we all so tremendously strenuous? Are we greater in will or work than Englishmen were in the Elizabethan age or than they were, say—we take date at random—in 1900? English literature and history do not show convincingly that this is so.—London Saturday Review.

No Thoroughfare.

Characteristic of the readiness of the Celt is a reply noted in "Leaves From the Diary of Henry Greville."

"I cannot get over your nose," said a frank American woman to the Irish novelist, Colley Grattan, whose nose was flattened.

"No wonder you can't," he retorted, "for the bridge is broken."

SPELLING REFORM SUITS ROOSEVELT

President Has Endorsed Carnegie Spelling Reform Movement and Adopted It.

WILL SPELL THE SIMPLE WAY

Through Will Be Spelled "Thru" and Though "Tho"—Three Hundred Words Will Also Be Spelled the Reformed Way.

(By Wire to The Morning Star.)

Oyster Bay, N. Y., August 24.—President Roosevelt has endorsed the Carnegie spelling reform movement. He issued orders today to Public Printer Stillings that hereafter all messages from the President and all other documents emanating from the White House shall be printed in accordance with the recommendation of the spelling reform committee headed by Brander Matthews, professor of English at Columbia University. This committee has published a list of three hundred words in which the spelling is reformed. This list contains such words as "thru" and "tho" as the spelling for "through" and "though." The President's official sanction of this reform movement is regarded as the speediest and most effective method of inaugurating the new system of spelling throughout the country. Not only will the printed documents emanating from the President utilize the reform spelling but his correspondence also will be spelled in the new style. Secretary Loeb has sent for the list of three hundred words which have been reformed and upon its arrival will immediately order all correspondence of the President and of the executive force of the White House spelled in accordance therewith. As the spelling reform committee shall adopt new reforms they will be added to the Presidents list and also to that of the public printer.

While the order to the public printer today does not contemplate an immediate reform in the spelling of official documents, from the executive departments in Washington it is regarded that more than likely the respective heads of the departments will fall in line with the President's ideas and have their official documents printed in the new spelling.

Measuring Medicine.

Use a medicine glass with the amount of each spoonful, and drop marked upon it. Teaspoonfuls and tablespoonfuls are always mentioned, but as these vary in size it is not safe to rely upon them. Drops, too, cannot be properly measured without a glass. Keep the medicine glass perfectly clean. It should be washed out after each dose, in readiness for the next time. It is desirable that if the patient is to have medicine with a strong smell, oils, etc., to keep a glass specially for them, letting it soak in hot water for half an hour after use to remove all disagreeable odor. It is impossible to cleanse such a glass in a few moments. When the medicine is being poured out hold the label uppermost in order that it may not become stained with any drops escaping down the side of the bottle.

Mozart and Bretzner.

When Mozart was at the height of his fame he composed the music for Bretzner's "Belmont und Konstanze" ("The Abduction From the Seraglio") at the request of the Emperor Joseph II. The author of the drama was so angry at this that he inserted the following notice in the Leipziger Zeitung: "A certain fellow of the name of Mozart has dared to misuse my drama, 'Belmont und Konstanze,' for an opera text. I hereby solemnly protest against this invasion of my rights, and I reserve to myself further procedures. (Signed), Christoph Friedrich Bretzner, author of 'Rauschchen.'"

A Ground Hog Case.

"A ground hog case" is a case of absolute necessity—one in which the reward of perseverance is certain and the necessity for perseverance is imperative. Its origin is told in this story: A boy was seen digging vigorously with a grub hoe at the mouth of a hole in which a ground hog had taken refuge. He was asked if he thought he would get the ground hog, to which he replied with scorn: "Catch him? Why, yes; I'm bound to catch him; we're out of meat."—St. Louis Republic.

NORTH CAROLINA INDUSTRIES GROW

Assistant Commissioner of State Bureau of Labor Finds Noticeable Increase in all Classes of Manufacturing.

(Raleigh News and Observer.)

Assistant Commissioner M. L. Shipman of the Bureau of Labor and Printing, has returned to the city after an absence of two weeks, spent in collecting statistics for the 1906 report of the department. When questioned concerning his extended tour Mr. Shipman said he had visited Salisbury, Landis, Statesville, Newton, Hickory, Morganton, King's Mountain, Bessemer City, Gastonia and Belmont, securing reports from thirty-five miscellaneous factories, twenty-six cotton mills and five furniture factories. He says there is a noticeable increase in all classes of manufacturing enterprises and the report will show pleasing conditions along industrial lines generally throughout the State.

The mill industry is rapidly advancing, Mr. Shipman believes, and reports new textile establishments in operation or in process of construction at King's Mountain, Bessemer City Gastonia, Dallas and Belmont. Addtional equipment is being placed in a number of old mills, thereby increasing the demand for labor and raw material which is used in great quantities at many of the larger mills, some using more than 3,000 bales a year.

Mr. Shipman says the manufacturers are largely favorable to compulsory education, and opposed to child labor, judging from the sentiment they expressed to him upon these questions. Some of the mill men suggest a "father labor law" for the purpose of reaching indolent parents who hang around the towns, in idleness, and depend upon the earnings of their children, who ought to be in school. The manufacturers appear to be practically unanimous in the opinion that compulsory education would prove the best solution of the child labor problem and the General Assembly will doubtless be called upon to take decisive action along the line suggested.

Upon the question of immigration. Mr. Shipman says he received about the same response everywhere—favorable to theb etter classes of foreigners in various sections of this country, in New England and the Northwest.

While away Mr. Shipman spent a few days in the mountains and says the crowds at all the resorts in that section are unprecedented. The season at Hendersonville, Brevard, Waynesville, Toxaway, Saluda, Skyland, Asheville and farther west has been a record-breaker.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Now it's gone." Cures chronic Cough, La Grippe, Croup, Whooping Cough and prevents Pneumonia. Pleasant to take. Every bottle guaranteed at all druggists. Price 50c. and $1.00. Trial bottle free.

GHASTLY FIND NEAR BURGAW

Body of Unknown White Man Found in Woods Near Road—Was Badly Decomposed and Buried on on the Spot.

(Pender Chronicle Aug. 23.)

No little excitement was exhibited Saturday evening, about dark, when it became known that the dead body of a stranger had been found on the Currie road, three and a half miles east of Burgaw. Mr. Moses Herring, the finder, anl Mr. L. H. Peterson brought the news.

Mayor W. M Hand, acting Coroner, hastily summoned a jury and went to the place reported, where they found the much decomposed body of a white man, in a piece of woodsland and in about twenty feet of the road It was found to be impossible to give the body a close examination, and, after viewing the remains, the jury decided that the stranger came to his death from natural causes—probably an acute illness. The grass and underbrush around him showed that he had died as if in the pain of convulsion. The body was buried where it lay, and the grave marked.

The man was fairly well dressed, and appeared to be between 50 and 60 years old. He wore a "derby" hat. In a pocket of his coat, which lay at the root of a tree where he had first lain down, was found a time folder of the A. C. L., a small pass book and a letter. The address on the envelope could not be deciphered with accuracy, but it was thought by some to be the name of "——— Singleterry. The letter, all torn and wet, was put together and found to be from "Thos. B. McDowell," and bore the heading of "Elizabethton, N. C., March 26, 1906."

STOPS ANY ITCHING..

Doan's Ointment Cures Eczema and Itching Piles—Wilmington People Recommend It.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Wilmington testimony to prove it:

J. S. King, clerk on Market street, residing at 815 Orange street, says: "I used Doan's Ointment and found it to be a great remedy for itching hemorrhoids. It acted like a charm in as one who says so. I obtained it at my case. I tried all kinds of remedies but until I used Doan's Ointment I could get nothing to give me positve relief. It is a splendid preparation and you are welcome to use my name as one who says so. I I obtained it at R. R. Belamy's drug store."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

What Is a "Thinking Machine?

A brand new remarkable series of detective stories, the best ever written, will begin in THE PHILADELPHIA SUNDAY PRESS on September Second. Each story is complete in itself, and one will be published each week.

The author has contrived in an extremely ingenious way to invent a unique situation for each tale. The problems offered are so involved that no solution seems possible until Prof. Van Dusen, The Thinking Machine, is called upon who invariably straightens out the difficulties by remarkably novel methods.

One of these stories appears each week exclusively IN THE PHILADELPHIA SUNDAY PRESS, which is the greatest Sunday newspaper in the country.

Be sure and tell your newsdealer to serve you with THE SUNDAY PRESS, as you cannot afford to miss this great series of stories. **

THE COTTON MARKET.

New York, August 24.—The cotton market was fairly active again to-day and prices had quite a sharp advance as a result of less favorable crop news and covering. The close was down from the best under realizing, but steady at a net advance of 4 to 10 points. Sales for the day were estimated at 350,000 bales.

The market opened steady at an advance of 2 points to a decline of 3 points, but quickly improved, also rather indifferent public cables on the increased crop damage reports which came chiefly from the Southwest, but which was also received from scattering points in the eastern and central belts claiming deterioration as a result of rust, shedding and insects. One or two houses were particularly active in circulating these reports and were also credited with buying heavily in the market while wire houses with Southwestern connections also had buying orders. Local shorts covered on the advance and prices reached a net gain of about 15 to 18 points in the early afternoon. Around this level realizing set in and there was a renewal of offerings from some of the stronger bears, who seemed to place little reliance in the crop damage news, and the market closed well down from the top. Southern spot markets were unchanged to 1-16c higher and comparatively few private advices were received as to spot conditions.

Receipts at the ports to-day were 10,000 bales against 6,600 last year and 8,574 last year. For the week estimated 48,000 bales against 31,192 last week and 53,002 last year. To-day's receipts New Orleans 130 bales against 942 last year, and at Houston 6,313 bales against 3,509 last year.

EARTHQUAKE CITY WILL RISE AGAIN

Valparaiso Will be Rebuilt on Finer and More Beautiful Lines.

SOCIETY LADIES HELP POOR

Splendid Courage Shown by Chilean People—Baby Rescued Alive After Seven Days Without Food — Frisco Gives $35,000.

(By Cable to The Morning Star.)

Valparaiso, August 24.—As the result of the splendid courage of the people and with the co-operation of the city government Valparaiso will be rebuilt within a few years on finer and more beautiful lines than before the disaster of August 16.

Rain last night caused most of the people to desert the tents which they have occupied since the earthquake and return to their houses. Almost all the walls are cracked but there was no violent earth tremors during the night or today. Many of the people had to walk long distances carrying their bed clothes on their shoulders. There are no conflagrations, but the blowing up of damaged and danger ous structures with dynamite continues and loud explosions are frequently heard. Otherwise the town has assumed an almost normal appearance. Many business houses have been reopened.

About 10,000 workmen are employed in clearing away the ruins here and searching for the bodies of those who lost their lives during the earthquake and fire. In the wreckage of a house today workmen found a child alive in a barrel which had protected it from harm.

The naval school is to be re-constructed and it is expected that the cadets will be able to resume their studies there in about two months. The sale of articles of food is strictly supervised by city and government officials to prevent any abuses in the direction of increase in prices. Merchants detected in the act of selling food above the fixed prices are compelled to close their stores.

President Rieasco has visited all the tented parts of the city in his efforts to do everything possible to encourage the homeless people. In different parts of the city depots for the distribution of food have been established, the main feature of which are immense caldrons from which, under the supervision of young women of the highest society in Valparaiso, soup is distributed to the poor. Many of the best families of this city have decided to go to Europe and stay there until the rehabilitation of this city in general and of their own residences in particular.

In addition to the sums of money received here from various parts of Chile for the relief of the earthquake sufferers, $35,000 has been received from San Francisco, California.

One of the worst features of the situation is the fact that the supplies of chloride of lime used in the disinfection of the ruins are exhausted and some time must elapse before fresh supplies can be obtained.

More Earthquake Shocks.

Valparaiso, August 24.—There were two slight earthquake shocks here last night.

Santiago, Chile, August 23.—10 P. M. —(Delayed in transmission—Another severe earthquake shock has just occurred here.

DUN'S WEEKLY TRADE REVIEW

Fall Trade is Brisk and All Activities Wholesome.

New York, August 24.—R. G. Dun & Co's weekly Review of Trade tomorrow will say:

Wall street provided the only important development in the business situation during the past week, prices of securities rising within an average of $2 per share of the high record established last January, while the general public became interested to an extent that lifted money rates for all periods to the legal maximum. Trade reports indicate wholesome activity, with no evidence of reaction, even those industries that are of necessity quiet at this season contributing to the general confidence by reports of large order in sight. As the vacation season draws to an end there is a gradual resumption of idle machinery, and, with the opening of many new furnaces, all records of iron production will be surpassed in the Fall. Yet steel mills will require all the material that can be furnished. This is typical of the situation in all leading branches of industry. Jobbing Fall trade is opening briskly, 362 buyers registering in the New York market alone in a single day. Owing to a few exceptionally large undertakings last year in this city, the total value of all building permits issued in July was slightly smaller than a year ago, but outside of New York there was a heavy increase. Crops are now almost beyond danger, and their movement is becoming a difficult traffic problem. Railway earnings in August show an average gain of 12.1 per cent.

PRESIDENT PALMA VIRTUALLY PRISONER

Insurrection Said to Be Worse Than is Made Known to Outside World—Insurgent Chief Guerra Has 2,000 Men.

(By Cable to The Morning Star.)

Havana, August 24.—Unofficial advices received from the western part of the province of Pinar del Rio tonight are to the effect that the insurgent forces now concentrating west of San Juan de Martinez are far more formidable than had been supposed and also are better supplied for camping and a long and aggressive campaign. A prominent resident of Havana whose word is beyond question, returned this evening from a three days tour in the vicinity of San Luis and San Juan de Martinez. He in-Pino Guerras, following in Pinar del Pino Guerras following in Pinar del Rio now is certainly from 1,500 to 2,-000 men. He said the idea of his not having sufficient ammunition was ridiculous and that he is abundantly supplied with every possible necessity. The behavior of his force is excellent. All the tobacco plantations owned by Americans and American properties are flying the American flag, this gentleman declared, and are not being molested. He said that insurrectionists had eight mules loaded with dynamite and that lately they had received supplies from unknown sources. He positively declared that practically all Cubans in western Cuba were sympathizers with the movement.

Word has been received here from Santiago that General Jesus Abi with 2,000 veterans will come to the Vuelta Abajo to help put down the insurrection. This, however, is not confirmed. The government's extra expenses since August 1 have been $270,000.

People Sympathize With Insurgents.

Reports from the country districts say that the people generally have been influenced by the liberal leaders and are inclined to be distrustful of the motives of President Palma's government. Therefore, they readily sym pathize with the cause of the insurgents. In the cities there is much more approach to genuine patriotism, but the government's offer of two dollars a day for all recruits are interested in the crisis, as on-lookers, but genuine, general desire to fight for the government is lacking

Six hundred troops started this afternoon by train from Pinar del Rio for San Juan de Martinez A letter received here from a reliable correspondent who visited Pino Guerra at San Juan de Martinez says that Guerra has not sufficient ammunition either to take Pinar del Rio, or sustain a prolonged fight. The people have plenty of arms but little ammunition and they have no chance of procuring it. This is believed here to be a correct view of the situation.

Jos Miguel Gomez, who was a candidate for the Presidency last Fall, and who was arrested August 21 at his residence near Sancti Spiritus, province of Santa Clara, arrived here from Batabano on a special train early this morning and had been escorted to the city jail before his arrival in this city became known. Gomez in an interview with the correspondent of the Associated Press, in the city jail, later in the day, said:

"I declare that I have never had any gnowledge of this unfortunate conflict and that if I had conspired against President Palma's administration I have more than sufficient pride to boldly admit it now. You may assure the people of the United States that I have not conspired to disturb the peace and prosperity of the countr."

Gomez declared that he had been arrested because many of his friends were in arms and he reiterated his denial of complicity in the insurrection. Considerable sympathy is developing in Havana for General Gomez who is commonly believed to be too broad minded a patriot to mix himself up in revolutionary schemes.

The inhabitants of the city of Pinar del Rio are reported to be loyal and it is said that most of them are armed and will assist the troops in resisting an attack on the part of the insurgents.

Campos Marquetti, colored, radical Liberal member of Congress for Artenisa, province of Pinar del Rio, has joined the insurrection.

Orestes Ferarra, who was the campaign secretary and manager of Jose Miguel Gomez, and who was with him in New York several months ago after Gomez gave up his Presidential campaign, was arrested in the city of Santa Clara today on the charge of conspiracy. Ferarra is suspected of trying to secure arms and ammunition in the United States for the use of the insurgents.

President Palma Virtually Prisoner.

Tampa, Fla., August 24.—The steamship Gussie which arrvied here today from Havana, loaded to its capacity with tobacco being rushed out of Cuba, brings information from private sources that President Palma is virtually a prisoner in the palace at Havana, which he has not left for a week. Reports indicate that the situation on the island is much worse than is known to the outside world. The revolution has extended to Santa Clara province and has also broken out in Matanzas. Cargoes of cattle shipped from here have virtually been refused on account of the demoralized condition of business.

San Juan Recaptured.

San Juan de Martinez, Cuba, August 24.—This town, which on Thursday was occupied by a band of insurgents under command of Pino Guerra, is again in possession of the constituted forces of the republic. At 5:30 o'clock this evening the troops under command of Colonels Baccallao and Avalo arrived here from Pinar del Rio, but news of their coming had preceded them by several hours and by noon the last of Guerra's men had left, taking with them all the horses they could gather. The government troops now here consist of 250 artillerymen and fifty raw recruits. They are quartered in the churches and public buildings. The town is quiet.

Guerra's force is larger than has been supposed. He has probably 2,000 men well equipped with arms and ammunition and is well supplied with money. Guerra's movement westward is not a retreat nor is it with the purpose of occupying Guanes. That town is in fact already practically occupied by resident insurgents. Guerra's purpose is to effect a junction with several hundred insurgents who are coming eastward from the vicinity of Guanes.

Encounter in Santa Clara.

Havana, August 24.—The first encounter in Santa Clara province occurred this morning. A detachment of rural guards attacked an insurgent band, commanded by Manuel Gonzales between Santo Domingo and Colon. The insurgents were scattered and some of their arms and ammunition were captured.

Paris, August 24.—The Temps this afternoon discusses the insurrection in Cuba and express the hope that the movement does not mean the beginning of a guerilla warfare similar to that which lasted from 1868 to 1878. In conclusion the Temps says: "The United States, Cuba's great protector, would not tolerate such condition of things for ten weeks."

Recruits Routed.

At San Antonio de LosBanos, Havana province, situated 21 miles southwest of Havana City, a detachment of rural guards today encountered a band of insurgents. Of the latter two were killed, their comrades dispersing.

Havanna, August 24.—Colonel Jose Estrampes with 45 recruits from Havana was fired upon by eighty insurgents ambushed behind a wall near Guines. The recruits were routed and three of them were killed and six wounded.

TRAIN PLUNGED INTO RIVER.

Brakeman and Fireman Killed and Engineer Seriously Injured.

By Wire to The Morning Star.

Bristol, Va., August 24.—As a result of a washout a freight train on the Virginia and Southwestern railroad ran off a trestle at Moccasin river today and the engine and eight cars loaded with coal were plunged into the river and two persons were killed and another seriously injured. The dead are R. E. Booher, brakeman, Lovedale, Tenn., and J. A. Clett, fireman Ruthton Tenn. Engineer Robert E. Burton was seriously injured.

At the time of the accident the train was running at 30 or 40 miles an hour. It was very dark and the engineer and firemen did not see that the trestle was gone until they were within fifteen feet of it.

Booher and Cleet were caught in the wreck and their bodies pinioned under the cars in the water. The engineer was badly injured but managed to keep above the water and floated down the river a considerable distance until he succeeded with almost superhuman strength in reaching the shore. The property loss is heavy.

SALES OF PRINTCLOTHS SLOW.

Lowering Tendency of Cotton Market Market Chief Reason.

Fall River, Mass., August 24.—The weekly sales in the printcloth market are estimated at from 100,000 to 125,-000 pieces. The lowering tendency of the cotton market is given as the chief reason for the quiet character of thec loth market. Prices are the same as last week regulars being quoted at 3 3-8. Buyers apparently do not care to trade very extensively in contracts until more definite information is given out as to the new cotton crop. Presint indications favor a big crop. The quotations are: 26-inch 64 by 64, 3 3-8; 28-inch 64 by 60, 3 1-4; 38 1-2 inch, 64 square, 5 1-4; 39 inch, 68 by 72, 5 3-4.

SOME FRICTION OVER COL. BRYAN

Commercial Travelers Think Politicians Want to Run Madison Square Reception.

MAY PUT POLITICIANS OUT

Norman E. Mack, National Democratic Committeeman, Declares That Bryan Considers Reception as Political

(By Wire to The Morning Star.)

New York, August 24.—Harry W. Walker, who has had an active part in aranging the reception to be given to William J. Bryan by the Commercial Travelers' Anti-Trust League, on August 30, today gave out a statement to the effect that politicians headed by Alexander Troup, of Connecticut, and Norman E. Mack, of Buffalo, are trying to control the movement but that the League will control the arrangements for the reception even if it has to tell the politicians to retire.

"Mr. Bryan accepted the invitation from the Commercial Travelers' Anti-Trust League," said Mr. Walker, "and we think that he will appear there as stated."

Mr. Mack, who is the Democratic national committeeman from this State said in reply to the statement that there is a popular impression that the Bryan reception is a political affair and that Mr. Bryan regards it that way. "Why shouldn't politicians take part in it?" he asked. Mr. Mack said he is not making trouble in the committee and that there is no talk of Hearst in the arrangements.

WILD TO GET THEIR MONEY.

Mad Rush on Chicago's Looted Bank. Stensland in Europe.

(By Wire to The Morning Star.)

Chicago, August 24.—Sixty policemen were overwhelmed to-day by a mad rush of men and women who were determined to get the first money paid out of the vaults of the ruined Milwaukee Avenue State Bank. Receiver Fetzer had made arrangements to pay twenty per cent to 5,000 of the 22,000 depositors and everybody was anxious to be among the 5,000. At day break the crowds commenced to gather around the bank and by 8 o'clock the bank was surrounded by 5,000 people. Sixty policemen had been sent to the bank but they were unable to handle the crowd, the greater part of which was unable to understand the English language. Forty more officers were finally sent to the bank and order was even then restored with difficulty. At one time the crowd threatened to fairly storm the bank, as waiving their passbooks in the air they rushed for the doors, shouting in Bohemian, Polish, Norwegian and Italian. The receiver was all day paying the 5,000 and will pay as many more to-morrow.

Madison, Wis., August 24.—That Paul O. Stensland, the missing bank president of Chicago, was in London, August 10, in the statement made in a letter from the English capital received to-day by Madison relatives of Peer O. Stromme, a former Chicago newspaper man. Stromme, who knew Stensland well, writes that he met the banker in London and went to call on him later in Stensland's apartments. The banker had left in the meantime for Flushing and the south of Europe. Stromme says that Stensland apparently had plenty of money.

TROUBLE AT BROWNSVILLE.

Nine of Negro Troops Arrested—Citizens on Guard Again.

By Wire to The Morning Star.

Brownsville, Texas, August 24.—Last night Ranger Captain McDonald caused the arrest of the following members of Company C, Twenty-fifth infantry:

Sergeant W. O. Bower, Sergeant George Jackson, Corporal David Powell, Corporal Madison, Privates John Holloman, J. H. Howard, J. H. Newton, Oscar W. Reed and J. H. Askew, on the charge of being the principals in the recent raid which resulted in the killing of a citizen and the wounding of the lieutenant of police.

This morning, after all preparations had been made for the removal of the negro soldiers to Fort Reno, Oklahoma, a cipher message was received by Major Penrose, directing him to hold the three companies here pending the arrival of General Bell, chief of staff, to make a thorough investigation. Consequently there is some pertubation.

To-night there is a renewal of the precautions taken to see that none of the blacks enter the town. It has been determined to ask for a special term of court to sit in the cases.

Austin, Texas, August 24.—It is reported that the battalion of troops stationed at Camp Mabry will leave in an hour for the Mexican border. While the reason for the issuance of such orders is not positively known, it is rumored that there has been a recurrence of the trouble at Brownsville and that the troops are to go to that point.
